

EMPLOYMENT OPPORTUNITIES

Due to an increased demand for services we are currently seeking experienced equipment hoist operators, riggers and rigger trainees for upcoming short and long-term Gas Plant maintenance projects through out the year. In these positions, you will learn the trade functions on-the-job at isolated locations in the oil& gas field. The on-the-job training program enables progression in responsibilities and skill levels to meet the job functions. Because the job requires a particular individual to work at heights, they must be in good health and physical condition. We require professionalism and a solid work ethic as each crew is manned for that particular job task.

Preference given to applicants who possess certificates but will train:

- H2S Alive
- First Aid
- WHMIS
- Construction Safety Training
- Confined Space Entry Level 1 & 2
- Level 1 Fall Awareness
- Basic Swing Stage Safety
- Rigging Awareness Course (In-House)
- Hoist Operators Course (In-House)
- Reliable Transportation To Calgary Office
- Valid Drivers License

We offer competitive wages based on qualifications, benefit plan after 3-months of employment and growth opportunities.

For employment opportunities please forward your resume, certificates, current driver's abstract via: darcy_finley@rainbowriggers.com
